

David

Saul

Was patient as he tended the sheep

Was angry and tried to find his enemy to kill him

Was a good friend who loved his friend like a brother

Did not obey God and follow all of His instructions

Was jealous of the attention someone else received after fighting in battle

Trusted God and killed a lion and bear while protecting his sheep

Did not seek the counsel of God but of a fortune teller

Showed mercy by not hurting his enemy in the cave when he was unaware
