

I promise I will never leave you.

I promise I will always be on time.

I promise I can do everything I put my mind to do and never fail.

I promise I will never lie to you.

I promise I never break my promises but always keep them.

I promise I will try my best.

I promise I will make my bed every day.

I promise I will eat all my vegetables on my plate.

I promise I will always think of others before I think about myself.

I promise I will make all A's on my report card.

I promise I will feed and walk the dog all the time.

I promise I will never get angry and try to hurt anyone.

I promise I will always obey my parents.

I promise I will never complain or grumble.
